Description

For Sale Intrepid Cuddy / Centre Console 327. Building on the breakthrough hull platform recently introduced on our revolutionary 327 Center Console, this cuddy tops it off with an array of innovative design features that includes luxurious new seating arrangements and an ingeniously redesigned interior. The dual vented aft keel, elevated freeboard, wider chines and increased running surface are designed to support a heavier twin power package while maintaining fuel efficiency. The sleek, head-turning sheer line mirrors the contemporary hull design. The spacious new cabin design includes customer friendly innovations, like integrated overhead storage units on both the port and starboard sides that stow gear and eliminate clutter, additional cabinetry and pace for endless customizations, like an optional refrigerator. The forward v-berth features new fold-away settee cushions that convert it from a roomy wraparound lounge to luxurious overnight accommodations.

Topside, a luxurious new seating arrangement features a more comfortable angle to backrests and an aft-facing starboard side seat. The L-shaped forward seating wraps the forward bulkhead with a new backrest that allows passengers to lounge facing fore or aft - all within reach of a popular console cooler. Another Intrepid design change includes removing the head from the cabin and combining it with a roomy shower and sink, hidden within the center console. From there, our team will collaborate with you to custom style and rig everything from the aft cockpit to the electronics in the helm for fishing, diving, cruising or whatever activity you dream of when you dream of owning your own one-of-a-kind Intrepid.

If you are looking for a Boston Whaler, Grady White, Chris Craft, Valhalla, Contender, Everglades, HCB Yachts, Freeman or Everglades - The Intrepid best be on your list ready for immediate delivery in Australia.

Trailer available upon request.

Fresh Water Tanks: 1 Plastic (75 litres) Fuel Tanks: 1 Aluminum (1077 litres) Holding Tanks: 1 Plastic (45 litres)
Added an SS bar for more rod holders in front of motors and a cockpit flood light, and changed the battery charger to 240v and added a shore power plug.
