## Description

For sale 2008 Maritimo 500 Offshore Convertible.

Australian registration (AMSA) for South Pacific passage making

ITS NOT GETTING TO THE TOP

ITS HOW YOU GET THERE

Getting up the top to the Flybridge on most boats of this size means scaling a steep, narrow ladder from an often wet and slippery cockpit. Which makes life hard enough for the skipper, let alone the thought of getting guests and supplies up. But the Maritimo 500 Offshore Convertible, like all of her Flybridge siblings, features Maritimo's internal staircase - making the luxurious flybridge accessible to everyone on board. It's yet another example of how clever design can deliver superior features without compromise. The craftsmanship extends to performance and fuel efficiency thanks to Maritimo's legendary hull design and 9 degree shaft angle. Whether you're setting a consistent trolling speed, to a favourite anchorage, or 'backing udown' a billfish, the power and balance of this Maritimo gives you complete control. In fact, the 500 Offshore Convertible leaves the competition in its wake.

If you are considering a Riviera 47, 51 Flybridge, Bertram, Viking look no further..

Extensive inventory list including some recent additions:

Twin Cummins QSM-11 660HP engines
