Description

MARITIMO M60 - CRUISING MOTOR YACHT

The M60, the latest spectacular new addition to our M-Series Flybridge Motor Yacht lineage, has been a new model development of the highest focus and detail across all divisions of Maritimo since the beginning of the project – for a very special reason.

The M60 carries the designation of the very inception of the Maritimo flybridge motor yacht known today – The highly acclaimed Maritimo 60.

“At the beginning of this project, it was made clear by Maritimo founder, Bill Barry-Cotter, that the M60 had to be a motor yacht that was truly special, as the 60’ flybridge designation was something that he held close to his heart,” said Barry-Cotter.

As soon as you step aboard the new M60 you will appreciate the Maritimo difference and you will be immediately captivated by its space – easily accommodating your family in style, safety and comfort. A fully enclosed climate-controlled flybridge sky lounge with internal staircase access provides the essential comfort needed for long-range cruising and passage making.
