Description

Maritimo S55

A fine balance of power and play, the new 2021 Maritimo S55 fuses the latest advancements in nautical technology and design with the iconic features of Maritimo's M-Series models of the past. Australian built, it's sharpened exterior design, extensive entertainment areas, and high performance reset the international standard for long-range cruising motor yachts.

Inspired by the lessons learned to create a class-leading, enduring line of blue water motor yachts for tough Australian conditions, our experienced team of maritime designers and skilled craftspeople have developed a fresh take on how a flybridge motor yacht should perform and feel.

As soon as you step aboard the new S55 you will appreciate the Maritimo difference and you will be immediately captivated by its space - easily accommodating your family in style, safety and comfort. A fully enclosed climate-controlled flybridge sky lounge with internal staircase access provides the essential comfort needed for long-range cruising and passage making.

EXTENSIVE DECK SPACES

Reimagined adventure deck and lower cockpit space - with optional fully lined 3.0m tender garage - and large alfresco upper cockpit and U-Shaped lounge provide considered and versatile living spaces. Large walk-around decks and minimal steps provide safe and easy access for the whole family.

FLYBRIDGE UPPER DECK

The S55 Upper deck has an access hatch from the cockpit going up to an 'upper deck' with the ability to store a tender and add a davit.

SOPHISTICATED SALOON

Maritimo's aft galley seamlessly connects the upper cockpit deck and the enormous saloon lounging area. Injecting light and air to the saloon is the option of Maritimo's unique two-stage vista sliding windows which transform the areas into an indoor/outdoor escape.

SPACIOUS ACCOMMODATION

Below deck free-flowing spaces utilize the hull's volume, maximising height and minimising the number of steps. Three spacious staterooms and two ensuites are on offer, with full-beam king master stateroom, offset queen
