## Description

### MARITIMO S75

The new S75 hull is an advanced evolution of Maritimo's longstanding experience in long range cruising design. It fuses the latest advancements in nautical technology and design with the iconic features of Maritimo's S-Series models of the past. Australian built, its sharpened exterior design, extensive entertainment areas and high performance reset the international standard for long-range cruising sedan motor yachts.

Inspired by the lessons learned to create a class-leading, enduring line of blue water motor yachts for tough Australian conditions, our experienced team of maritime designers and skilled craftspeople have developed a fresh take on how a sedan motor yacht should perform and feel.

Maritimo is renowned for breaking the status quo, and the all-new expanded cockpit hardtop coverage has amplified the amount of area above, on the often-inaccessible sedan hardtop in order for the hardtop to be utilised as a utility deck space,

As soon as you step aboard the new S75 you will appreciate the Maritimo difference and you will be immediately captivated by its space – easily accommodating your family in style, safety and comfort.

#### EXTENSIVE DECK SPACES

The amount of floor space offered in the upper cockpit alfresco deck leads the market in the mid 70 foot category, with standard rear U-shape lounging and dining table and further option of opposing lounging flanking each side of the area.

#### HARDTOP UTILITY DECK

Maritimo's design division has maximised the practical deck spaces onboard the S75 by enabling the often un-used sedan hardtop to be accessed from the upper cockpit deck via overhead hatch and ladder, in order for the hardtop to be utilised as a utility deck space.

#### SPACIOUS ACCOMMODATION

Below deck free-flowing spaces utilize the hull's volume, maximising height and minimising the number of steps. Three spacious staterooms and two ensuites are on offer, with full-beam king master stateroom, offset queen forward stateroom, and twin single starboard guestroom.

#### SOPHISTICATED SALOON

Maritimo's aft galley seamlessly connects the upper cockpit deck and the enormous saloon lounging area. Injecting light and air to the saloon is the option of Maritimo's unique two-stage vista sliding windows which transform the areas into an indoor/outdoor escape.
